

Sedimentary Rocks Research

Choose a type of sedimentary rock, and answer these questions:

1. What is the name of your rock?
2. What is the origin of your rock's name?
3. What does your rock look and feel like?
4. Where can your rock be found?
5. How was your rock formed?
6. Are there any special beliefs about your rock from past cultures?
7. Are there any other interesting facts about your rock that you want to share?
