

Magnetoreception Research

1. What is magnetoreception?
2. Why do some animals need this adaptation?
3. Which animals are known to use magnetoreception?

Choose an animal that uses magnetoreception and answer the following questions:

1. When and how often does this animal migrate?
2. Where do they migrate to and from?
3. Why do they migrate?
4. What do scientists know or think about how magnetoreception works for this animal?
